SOMETHING FOR EVERYONE

UNDER PRESSURE

Buckle up for the ultimate team building challenge! Imagine balancing on a beam, trusting your team to hold steady; or separating a chaotic mix of coloured balls in two containers. Feeling the pressure yet?

Under Pressure is one of our most popular indoor events, where players work in teams in nail-biting tasks to win the all-important points. There will be practice rounds and head-to-head challenges with a limited number of lives per team. Example rounds include:

POISE - 4 team players balance on one foot on a beam for 20 seconds without falling.

BLOC - 2 players are pitted against a tower of blocks. One-handed, they must copy the tower in the allotted time to win the challenge.

INCLUDED IN THE EVENT:

- Game show host
- Range of tasks & games
- Props & equipment
- Main game arena

BETRAYERS

5-1000
PEOPLE

UK
WIDE

2-3
HOURS

Enter at your own risk to battle head-to-head in a selection of twisted challenges that will test your team's mental and physical steel. The aim of the game is to collaborate to accumulate your earnings whilst outperforming your opposition - before the time runs out, of course! But there's always a catch...

Hidden amongst you will be betrayers with deceit in their hearts and hidden agendas to fulfil. You must attempt to uncover these individuals after each round of tests. Failure to identify those with ulterior motives will cost your team dearly in the final round.

Trust no one, even your closest friends might be playing both sides. But if you are the chosen one, will you play fair or will you do whatever it takes to win?

INCLUDED IN THE EVENT:

- Experienced event team
- Range of tasks & games for everyone
- Props & equipment
- Event theming

MASTER OF THE TASKS

Boxing gloves on, teammates cheering you on, you step into the arena. Your opponent? A mountain of colourful Smarties. Your mission? Sort them by colour with your clumsy punches. Hilarious? Impossible? You decide!

Master of the Tasks is an unforgettable experience that will have your team in stitches while desperately (and hilariously) attempting to complete each silly task. Competition exists, but this isn't every man (or woman) for themselves. It's teamwork, collaboration and maybe a little chaos that makes the magic happen.

To amplify the fun, we have a charismatic compere, your very own Taskmaster, keeping the energy buzzing and judging each round. Think witty commentary, themed music and visuals, you will be transported into a world of impossible possibilities.

INCLUDED IN THE EVENT:

- Game show host / taskmaster
- Multiple games & rounds
- Medal ceremony
- All props & equipment

QUID GAMES

You are now a number. Assigned by our fierce guards, this number is now your identity and it might help or hinder your fate in the Quid Games.

But this immersive experience requires more than just luck. With the guards watching your every move, you and your team will need to use your mental and creative abilities to escape. But you are not alone. Working together instead of against each other, teamwork will ultimately take the money home.

In the interest of fair play, our guards will not disclose any game information in advance. However, we will say, you may already be familiar with some of them. Each round of challenges is an opportunity for your team to hoard money into your collective fishbowls. The team with the most money will win the Quid Games, but rest assured, the losers will be set free too.

INCLUDED IN THE EVENT:

- Experienced event staff
- Costumed guards
- Props & equipment
- Medal ceremony
